## Book Descriptions:

# Carrier reefer units manuals

We provide professional training to the industry in numerous languages at locations around the world. In addition, you will find major inventories of spare parts at our 14 international parts depots, a reflection of Carrier's commitment to continually improving our aftermarket service. Discover Carrier authorized locations on the Service Center Locator. By using Carrier authorized service centers, especially those recognized by the CareMAX program, equipment owners and operators can be confident their assets will be serviced by experts committed to maintaining the highest levels of refrigerant quality. SeaCare Solutions provide an exceptionally flexible response to the needs of shipping and leasing companies. Customers may select whichever combination of programs best suit their needs. Even specific programs offer a degree of customization. Other programs are under development for additional services. With guaranteed pricing for parts and service, this program even handles delivery of spare parts, including refrigerant, to replenish supplies and removal of consumed or faulty parts.
